### **INTERVIEW: Neighbourhood dumps Duration: 00:00:31**

Earlier today the city unveiled its list of temporary dumps that residents will be able to use for the duration of the strike.

But already, that list is stirring up controversy.

Of the 19 sites the city has identified, more than half are in neighborhoods parks. Now, in most cases you'll be leaving your garbage in the parking lots or hockey rinks there, rather than on the grass.

Even so, at least two neighborhood groups are upset about the decision.

Chris Holcroft is chair of a group called Green 13. He joined Here and Now to explain his concerns.
