<sup>\*</sup> Please note the federal and provincial governments can each fund up to one third of a project's total eligible cost up to a maximum of \$1 million each per project.

#### PART E: Attestation

- 1. I warrant that, to the best of my knowledge, Total Eligible Costs reported in the Funding section of this application are Eligible Costs under the RInC Program in Ontario and Ontario REC as defined in the application guidelines.
- 2. I warrant that, to the best of my knowledge, all information contained in this application is true and accurate.
- I warrant that this project would not be otherwise constructed by March 31, 2011, without the federal and provincial funding requested.
- 4. I understand that:
  - a) Funding under the RInC Program in Ontario and Ontario REC for this project has not been approved;
  - b) all costs incurred before federal and provincial approval and after March 31, 2011, are ineligible;
  - c) the project is subject to an endorsement as described in the application guidelines and the signing of a contribution agreement in accordance with the Program Terms and Conditions

I, Michael Schreiner (name) Manager, Construction Management / Capital Projects (title), am clearly authorized to bind the proponent and attest all information above is true and complete.

<sup>\*</sup> Please note the federal and provincial governments can each fund up to one third of a project's total eligible cost up to a maximum of \$1 million each per project.

#### PART E: Attestation

- 1. I warrant that, to the best of my knowledge, Total Eligible Costs reported in the Funding section of this application are Eligible Costs under the RInC Program in Ontario and Ontario REC as defined in the application guidelines.
- 2. I warrant that, to the best of my knowledge, all information contained in this application is true and accurate.
- 3. I warrant that this project would not be otherwise constructed by March 31, 2011, without the federal and provincial funding requested.
- 4. I understand that:
  - a) Funding under the RInC Program in Ontario and Ontario REC for this project has not been approved;
  - b) all costs incurred before federal and provincial approval and after March 31, 2011, are ineligible;
  - c) the project is subject to an endorsement as described in the application guidelines and the signing of a contribution agreement in accordance with the Program Terms and Conditions

I, Michael Schreiner (name) Manager, Construction Management / Capital Projects (title), am clearly authorized to bind the proponent and attest all information above is true and complete.

Project Description                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                    |  |  |  |  |  |
| Enhancement of the existing playground to a modern multi-task structure.  10. Provide a rationale describing the specific problems or objectives this project will address.                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                    |  |  |  |  |  |
| SERVICE IMPROVEMENT AND ENHANCEMENT - This project will replace the current low play value/less challenging playground equipment with modern multi-task structures that will provide greater physical challenges and better social interaction.                                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                    |  |  |  |  |  |
| This project is part of a long-term city-wide initiative to playground inventory.                                                                                                                                                                                                                        | maintain and enhance Parks,                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Forestry and Rec                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | reation's 850+     |  |  |  |  |  |
| 11. Will the project improve the energy efficiency of the second of the project will have a positive consumption, water consumption and/or waste.                                                                                                                                                        | e impact on the environmen                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | t by reducing ene                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | Yes □ No ☒<br>ergy |  |  |  |  |  |

| b) Is the project ready for tender?  C) Has construction already started? If yes, provide details.  Ves No No N/A A  All necessary municipal permits and approvals have been secured.  All necessary provincial permits and approvals have been secured.  All necessary rederal permits and approvals have been secured.  All necessary rederal permits and approvals have been secured.  All necessary rederal permits and approvals have been secured.  All necessary rederal permits and approvals have been secured.  All necessary rederal permits and approvals have been secured.  All necessary rederal permits and approvals have been secured.  All necessary rederal permits and approvals have been secured.  All necessary rederal permits and approvals have been secured.  B. Multiple Applications  If you are submitting more than one application to the RInC Program in Ontario and Ontario REC, please indicate the priority of this project in relation to the others.  PART C: Environmental Considerations  a) Is the project located within 250 metres of a federal, provincial or municipal environmentally sensitive area?  D) Does the project involve works or activities within 30 metres of a water body such as welland, stream, river or lake?  C) Does the project involve the likely release of a polluting substance into a water body such as a welland, stream, river or lake?  C) Does the project involve the likely release of a polluting substance into a water body such as a welland, stream, river or lake?  C) Does the project involve the likely release of a polluting substance into a water body such as a welland, stream, river or lake?  C) Does the project involve the likely release of a polluting substance into a water body such as a welland, stream, river or lake?  C) Does the project involve the likely release of a polluting substance into a water body such as a welland, stream, river or lake?  C) Does the project involve the likely release of a polluting substance into a water body such as a welland, stream, river or lake?  C) Does the proj | 17. Proposed cash flow profile of federal RinC funding 2009-2010 \$33,000 2010-2011 \$0                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                                         | w profile of federal                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | 2009-201                                                  | 0            | \$33,000     |                                         | 2010-2011                                                                                                      | \$0          |
| Proposed cash flow profile of provincial 2009-2010 \$33,000 2010-2011 \$0  *Please note the federal and provincial governments can each fund up to one third of a project's total eligible                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | Ontario REC funding                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                           |              |              |                                         |                                                                                                                |              |

<sup>\*</sup> Please note the federal and provincial governments can each fund up to one third of a project's total eligible cost up to a maximum of \$1 million each per project.

#### PART E: Attestation

- I warrant that, to the best of my knowledge, Total Eligible Costs reported in the Funding section of this application are Eligible Costs under the RInC Program in Ontario and Ontario REC as defined in the application guidelines.
- 2. I warrant that, to the best of my knowledge, all information contained in this application is true and accurate.
- 3. I warrant that this project would not be otherwise constructed by March 31, 2011, without the federal and provincial funding requested.
- 4. I understand that:
  - a) Funding under the RInC Program in Ontario and Ontario REC for this project has not been approved;
  - b) all costs incurred before federal and provincial approval and after March 31, 2011, are ineligible;
  - c) the project is subject to an endorsement as described in the application guidelines and the signing of a contribution agreement in accordance with the Program Terms and Conditions .

I, Michael Schreiner (name) Manager, Construction Management / Capital Projects (title), am clearly authorized to bind the proponent and attest all information above is true and complete.

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |

<sup>\*</sup> Please note the federal and provincial governments can each fund up to one third of a project's total eligible cost up to a maximum of \$1 million each per project.

#### PART E: Attestation

- I warrant that, to the best of my knowledge, Total Eligible Costs reported in the Funding section of this application are Eligible Costs under the RInC Program in Ontario and Ontario REC as defined in the application guidelines.
- 2. I warrant that, to the best of my knowledge, all information contained in this application is true and accurate.
- 3. I warrant that this project would not be otherwise constructed by March 31, 2011, without the federal and provincial funding requested.
- 4. | understand that:
  - a) Funding under the RInC Program in Ontario and Ontario REC for this project has not been approved;
  - b) all costs incurred before federal and provincial approval and after March 31, 2011, are ineligible;
  - c) the project is subject to an endorsement as described in the application guidelines and the signing of a contribution agreement in accordance with the Program Terms and Conditions
- I, Michael Schreiner (name) Manager, Construction Management / Capital Projects (title), am clearly authorized to bind the proponent and attest all information above is true and complete.

#### PART E: Attestation

- I warrant that, to the best of my knowledge, Total Eligible Costs reported in the Funding section of this application are Eligible Costs under the RInC Program in Ontario and Ontario REC as defined in the application guidelines.
- 2. I warrant that, to the best of my knowledge, all information contained in this application is true and accurate.
- I warrant that this project would not be otherwise constructed by March 31, 2011, without the federal and provincial funding requested.
- 4. I understand that:
  - a) Funding under the RInC Program in Ontario and Ontario REC for this project has not been approved;
  - b) all costs incurred before federal and provincial approval and after March 31, 2011, are ineligible;
  - c) the project is subject to an endorsement as described in the application guidelines and the signing of a contribution agreement in accordance with the Program Terms and Conditions
- I, Michael Schreiner (name) Manager, Construction Management / Capital Projects (title), am clearly authorized to bind the proponent and attest all information above is true and complete.

<sup>\*</sup> Please note the federal and provincial governments can each fund up to one third of a project's total eligible cost up to a maximum of \$1 million each per project.

#### PART E: Attestation

- I warrant that, to the best of my knowledge, Total Eligible Costs reported in the Funding section of this application are Eligible Costs under the RInC Program in Ontario and Ontario REC as defined in the application guidelines.
- 2. I warrant that, to the best of my knowledge, all information contained in this application is true and accurate.
- 3. I warrant that this project would not be otherwise constructed by March 31, 2011, without the federal and provincial funding requested.
- 4. I understand that:
  - a) Funding under the RInC Program in Ontario and Ontario REC for this project has not been approved;
  - b) all costs incurred before federal and provincial approval and after March 31, 2011, are ineligible;
  - c) the project is subject to an endorsement as described in the application guidelines and the signing of a contribution agreement in accordance with the Program Terms and Conditions

I, Michael Schreiner (name) Manager, Construction Management / Capital Projects (title), am clearly authorized to bind the proponent and attest all information above is true and complete.

Project Category Arenas Gymnasiums Swimming pools Sports fields Tennis, basketball, volleyball or other sport-spec Parks, fitness trails, and bike paths Other multi-purpose facilities that have physical reark Playground  8. Project Type Rehabilitation and/or repair of existing recreation New construction that is either adding to or replated.  9. Project Description Enhancement of the existing playground to a modern | ific courts ecreation activity as the primary al infrastructure cing existing recreational infras                                                                                                                        | y rationale (please s                         | pecify:)                 |  |  |  |
| 10. Provide a rationale describing the specific problems or objectives this project will address.  SERVICE IMPROVEMENT AND ENHANCEMENT - This project will replace the current low play value/less challenging playground equipment with modern multi-task structures that will provide greater physical challenges and better social interaction.  This project is part of a long-term city-wide initiative to maintain and enhance Parks, Forestry and Recreation's 850+ playground inventory.                                                                                                                          |                                                                                                                                                                                                                          |                                               |                          |  |  |  |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                          |                                               |                          |  |  |  |
| If yes, describe how the project will have a positi consumption, water consumption and/or waste.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | 11. Will the project improve the energy efficiency of the asset?  Yes No If yes, describe how the project will have a positive impact on the environment by reducing energy consumption, water consumption and/or waste. |                                               |                          |  |  |  |

<sup>\*</sup> Please note the federal and provincial governments can each fund up to one third of a project's total eligible cost up to a maximum of \$1 million each per project.

#### PART E: Attestation

- I warrant that, to the best of my knowledge, Total Eligible Costs reported in the Funding section of this application are Eligible Costs under the RInC Program in Ontario and Ontario REC as defined in the application guidelines.
- 2. I warrant that, to the best of my knowledge, all information contained in this application is true and accurate.
- 3. I warrant that this project would not be otherwise constructed by March 31, 2011, without the federal and provincial funding requested.
- 4. | understand that:
  - a) Funding under the RInC Program in Ontario and Ontario REC for this project has not been approved;
  - b) all costs incurred before federal and provincial approval and after March 31, 2011, are ineligible;
  - c) the project is subject to an endorsement as described in the application guidelines and the signing of a contribution agreement in accordance with the Program Terms and Conditions

I, Michael Schreiner (name) Manager, Construction Management / Capital Projects (title), am clearly authorized to bind the proponent and attest all information above is true and complete.

<sup>\*</sup> Please note the federal and provincial governments can each fund up to one third of a project's total eligible cost up to a maximum of \$1 million each per project.

#### PART E: Attestation

- I warrant that, to the best of my knowledge, Total Eligible Costs reported in the Funding section of this application are Eligible Costs under the RInC Program in Ontario and Ontario REC as defined in the application guidelines.
- 2. I warrant that, to the best of my knowledge, all information contained in this application is true and accurate.
- I warrant that this project would not be otherwise constructed by March 31, 2011, without the federal and provincial funding requested.
- 4. I understand that:
  - a) Funding under the RInC Program in Ontario and Ontario REC for this project has not been approved;
  - b) all costs incurred before federal and provincial approval and after March 31, 2011, are ineligible;
  - c) the project is subject to an endorsement as described in the application guidelines and the signing of a contribution agreement in accordance with the Program Terms and Conditions
- I, Michael Schreiner (name) Manager, Construction Management / Capital Projects (title), am clearly authorized to bind the proponent and attest all information above is true and complete.

<sup>\*</sup> Please note the federal and provincial governments can each fund up to one third of a project's total eligible cost up to a maximum of \$1 million each per project.

#### PART E: Attestation

- I warrant that, to the best of my knowledge, Total Eligible Costs reported in the Funding section of this application are Eligible Costs under the RInC Program in Ontario and Ontario REC as defined in the application guidelines.
- 2. I warrant that, to the best of my knowledge, all information contained in this application is true and accurate.
- I warrant that this project would not be otherwise constructed by March 31, 2011, without the federal and provincial funding requested.
- 4. I understand that:
  - a) Funding under the RInC Program in Ontario and Ontario REC for this project has not been approved;
  - b) all costs incurred before federal and provincial approval and after March 31, 2011, are ineligible;
  - c) the project is subject to an endorsement as described in the application guidelines and the signing of a contribution agreement in accordance with the Program Terms and Conditions
- I, Michael Schreiner (name) Manager, Construction Management / Capital Projects (title), am clearly authorized to bind the proponent and attest all information above is true and complete.

cost up to a maximum of \$1 million each per project.

#### PART E: Attestation

- I warrant that, to the best of my knowledge, Total Eligible Costs reported in the Funding section of this application are Eligible Costs under the RInC Program in Ontario and Ontario REC as defined in the application guidelines.
- 2. I warrant that, to the best of my knowledge, all information contained in this application is true and accurate.
- I warrant that this project would not be otherwise constructed by March 31, 2011, without the federal and provincial funding requested.
- 4. I understand that:
  - a) Funding under the RInC Program in Ontario and Ontario REC for this project has not been approved;
  - b) all costs incurred before federal and provincial approval and after March 31, 2011, are ineligible;
  - c) the project is subject to an endorsement as described in the application guidelines and the signing of a contribution agreement in accordance with the Program Terms and Conditions
- I, Michael Schreiner (name) Manager, Construction Management / Capital Projects (title), am clearly authorized to bind the proponent and attest all information above is true and complete.

<sup>\*</sup> Please note the federal and provincial governments can each fund up to one third of a project's total eligible cost up to a maximum of \$1 million each per project.

#### PART E: Attestation

- 1. I warrant that, to the best of my knowledge, Total Eligible Costs reported in the Funding section of this application are Eligible Costs under the RInC Program in Ontario and Ontario REC as defined in the application guidelines.
- 2. I warrant that, to the best of my knowledge, all information contained in this application is true and accurate.
- I warrant that this project would not be otherwise constructed by March 31, 2011, without the federal and provincial funding requested.
- 4. I understand that:
  - a) Funding under the RInC Program in Ontario and Ontario REC for this project has not been approved;
  - b) all costs incurred before federal and provincial approval and after March 31, 2011, are ineligible;
  - c) the project is subject to an endorsement as described in the application guidelines and the signing of a contribution agreement in accordance with the Program Terms and Conditions
- I, Michael Schreiner (name) Manager, Construction Management / Capital Projects (title), am clearly authorized to bind the proponent and attest all information above is true and complete.
